## ABOUT ME

Final-year Bachelor of Computer Science (Computer Network Security) student at UniSZA seeking internship opportunities in cybersecurity. Passionate about penetration testing, network security, digital forensics, and secure system development. Experienced in cybersecurity laboratories, security-focused projects, and web-based portfolio development.

## EXTRACURRICULAR

### • 2024

Google Meet

### PROGRAM KECEMERLANGAN MUET 1.0 ANJURAN KELAB PERSIS

- As an Activity Unit Committee
- Share modules with participants via Telegram channel
- Provide entertainment videos for media unit committee members

### • 2025

Perkaya Marang

### BENGKEL KTP SIRI 2 BERSAMMA ANAK YATIM ASRAMA PERKAYA, MARANG

- As a Facilitator
- Guide the participants to complete the modules provided

### • 2025

UniSZA Besut

### PROGRAM ZERO TO HERO BERSAMA SMKA WATANIAH JERTEH

- As a Registration and Certificate Committee
- Produce certificates for accompanying teachers and participants
- Manage student registration matters
- Guide the participants to complete the modules provided
- Accompany the accompanying teachers for lunch

## EDUCATION

### • 2020-2022

Johor - Malaysia

### UNIVERSITI TUN HUSSEIN ONN MALAYSIA (UTHM)

- Diploma in Information Technology

### • 2023-now

Terengganu - Malaysia

### UNIVERSITI SULTAN ZAINAL ABIDIN (UNISZA)

- Bachelor of Computer Sciences (Computer Network Security) with honours

## TECHNICAL SKILLS

- Cybersecurity: Penetration Testing, Digital Forensics, Network Security, Vulnerability Assessment
- Tools: Kali Linux, Wireshark, Burp Suite, Metasploit, Autopsy, Cisco Packet Tracer, VirtualBox
- Programming: Python, HTML, CSS, JavaScript, Java
- Networking: TCP/IP, VLANs, Routing, ACLs, DHCP, Network Monitoring

SOFT  
SKILLS

- Problem Solving
  - Teamwork & Collaboration
  - Communication Skills
  - Leadership
  - Adaptability & Continuous Learning
- 

ACADEMIC  
PROJECTS

- Vishing Detection System Using Audio and Text-Based Analysis (FYP)
- Developed a cybersecurity solution to classify fraudulent and legitimate phone calls.
  - Utilized MFCC audio features, Whisper transcription, and Naive Bayes classification.
  - Focused on Malay-language voice phishing detection.

- Cybersecurity E-Portfolio Website
- Developed a responsive multi-page portfolio website using HTML, CSS, and JavaScript.
  - Implemented dedicated pages for education, projects, certificates, skills, and contact information.
  - Published and managed source code through GitHub.

- Network Security & Traffic Analysis Labs
- Conducted packet analysis using Wireshark.
  - Configured routing, switching, and security controls in Cisco Packet Tracer.
  - Applied practical cybersecurity and networking concepts through laboratory exercises.
- 

CERTIFICATIONS  
& TRAINING

- CompTIA Security+ Training Participant
  - Cisco Networking Academy Coursework
  - Cybersecurity Laboratory and Network Security Training
- Member of RoboPro Club Universiti Sultan Zainal Abidin (UniSZA)
- Conducted IoT and embedded systems workshops for secondary school students.
- 

LANGUAGE

- Malay: Native/Fluent
- English: Fluent
- Arabic: Medium
